Snap & Lock Cable Mount Expands Kycon DC Power Connector Series

San Jose, CA – Reliable cable mounting is a snap with the KPJX-CM Series; Kycon's cable mount DC power jack socket. The KPJX-CM Series is available as a 3-pin or 4-pin socket option.

The KPJX-CM Series is the latest addition to Kycon's Snap and Lock DC Power Connector line, which includes a panel mount or non-panel mount socket as well as a cable mount plug. The expanded line provides more available options, increasing design flexibility.

The KPJX-CM has the same unique snap and lock feature that helps to prevent accidental disconnects and will lock with the mating KPPX cable mount plug. Kycon's unique snap and lock DC Power Connectors offer innovation in technology to improve reliability and customer satisfaction.

Now in its 21st year, Kycon's commitment to excellence in products and service remains evident in Bishop's top-rankings for customer satisfaction. While continually broadening their product line, including customized solutions, Kycon maintains clear focus on quality, world-class service and support.
